

UNION MUSICIANS THREATEN TO BOLT BOSTON SYMPHONY

Will Play Under Union Affiliation
Unless Trustees Recognize Their
Organization They Declare.

BOSTON, Feb. 27. UNLESS the Boston Symphony Orchestra Players are recognized as a union by the trustees, they will form an orchestra themselves under union affiliation, according to a committee of the players to-day, ninety per cent. of the members have joined the union and financial backing for the proposed new orchestra has been offered it is said.

Unionization is "the only thing that will hold the organization together," the statement declares. "The players have not received a sufficient salary and, being non-union men, could get little outside work. As a result men have left the orchestra year after year to join the union and the constant change in membership has been a damper to proper team work."

SUGAR-SAVING CRANBERRY RECIPES

Cranberries can be used for a greater variety of purposes than any other fruit, except apples.

Just now cranberries are very reasonable in price, and while sugar may seem high, we are suggesting many delicious ways to serve them—with very little sugar.

A quart of Cranberries will serve 12 persons. They have no waste but all of the fruit is used, and they require little time in preparation for cooking.

Cranberries are delicious with all meats, hot or cold. The delicate distinction of cranberries counteracts the cloying taste of fatty meats, and gives a delicious flavor to the coarse but nutritious cuts.

Try These Recipes:

Cranberry Sauce

No. 1—One quart cranberries, 1 pint water, ½ level teaspoon salt, 1 cup sugar.
Bring the water and salt together to a boiling point. Pick over and wash the cranberries, put them into the pint of boiling water and cook rapidly for 5 minutes, or until the skins of the berries have broken. Cool slightly, add the sugar, bring to boiling point, and cook slowly for additional five minutes.
No. 2—One quart cranberries, 1 pint boiling water, ¼ of a cup of syrup, ¼ of a cup of sugar.
Boil the syrup, sugar and water for 5 minutes, strain if necessary. Add the berries, and cook without stirring until all the skins break—or about 5 minutes over a hot fire.

Strained Cranberry Sauce

One quart cranberries, 1 pint water, ½ level teaspoon salt, ½ cup sugar.
Bring the water and salt together to a boiling point, add the cranberries and cook rapidly for 5 minutes. Cool and strain, pressing as much as possible of the cranberry pulp through the strainer. Add the sugar, bring to boiling point and cook slowly for additional five minutes.

Cranberry Pie

Here ready a partly baked pastry shell; pour in filling when cold, made by either of the two cranberry sauce recipes; put strips of pastry over top and bake in a moderate oven.

Old Fashioned Cranberry Pie

Line a pie plate with short pastry. Sprinkle over this a little sugar, then fill with raw cranberries. Pour over them molasses, in proportion of ¼ cup molasses to each cup of cranberries, and sift over top 1 level tablespoon flour. Wet edges of pie crust; cover cranberries with an upper crust and press edges closely together. Cut three slits in top and bake in moderate oven about 30 minutes.

Cranberry Jelly

Cook until soft the desired quantity of cranberries with ¼ pint of water for each 3 quarts of berries. Strain the juice through a jelly bag. Measure the juice and heat it to the boiling point. Add one cup of sugar for every two cups of juice; stir until the sugar is dissolved; boil briskly for five minutes; skim, and pour into glass tumblers or porcelain or crockery molds.
8 lbs. of cranberries and 3 ½ lbs. of sugar make 10 tumblers of delicious jelly.

Eat more cranberries! They are the most economical fruit. They cost less than last year!
